Dear Parent/Carer

Re: Year 11 Exam Information

As you are aware, our Year 11 students have been working very hard in the lead-up to what are the most important exams of their academic career to date. They have shown maturity, independence and determination in their desire to achieve their best and receive the best possible grades for their future ambitions.

We met with all Year 11 students recently to give them information concerning the forthcoming GCSE exam period.

Students have now been issued with an individual exam timetable showing exam times, venues and seat numbers. Students have also been issued with an exam preparation timetable the contents of which will be explained to them by their form tutor. A copy of both of these timetables has been sent to you for information. The following points should be noted about the exam period:

- Students should attend in full school uniform for all exams and revision sessions apart from those at half term or weekends.
- Students are expected in **all lessons** until the end of lessons on Friday 9 June unless they have exams. If they have completed the exam in a subject they should bring revision work for other subjects to the lesson.
- From Monday 12 June onwards students begin their 'home study period' and should only attend lessons in subjects they have yet to have an exam in, as well as exams, masterclasses and pre-exam briefings as shown in the exam preparation timetable.

All pre-exam briefing sessions and masterclasses are compulsory and registers will be taken. They are designed to offer some final insight into exam technique as well as settling those pre-exam nerves. Details of locations of all sessions will be posted regularly on the exam notice board in Margaret Sewell and will appear on the display screens around school.

Once students have sat their exam in a subject it is their responsibility to return all text books to their own class teacher who will have a record. It is important that books are returned promptly so that they can be used with the next year group.

Key Dates:

On Tuesday 27 June students should attend school at 8.30 am for the Leavers Celebration. They will be given breakfast; form group and year group photos will be taken; there will be a final assembly together; and they will be given a year book to remind them of school. They will be released from school around 11.15 am that day.

If your child is intending joining our Sixth Form in September there are two Induction Days on Thursday 6 and Friday 7 July. Students will be given taster sessions in the subjects they have chosen; further details of expectations in the Sixth Form will be given out; and they will be given essential preparation work from each subject to be completed over the summer. If for any reason your child cannot attend these days it is essential they talk to Mr Winter in the sixth form and he will advise further.
