16 to 19 tuition fund statement 2020 – 2021

The 16 to 19 tuition fund is £96 million of one-off funding for the 2020 to 2021 academic year only. It is ring fenced funding for schools, colleges and all other 16 to 19 providers to mitigate the disruption to learning arising from coronavirus (COVID-19).

The funding is being provided to support small group tuition for 16 to 19 students in English, maths, and other courses where learning has been disrupted. For example, vocational courses where assessment has been deferred because of lockdown. Although the actual tuition does not need to be for GCSE English or maths, the students supported all need to be those who had not achieved grade 5 or above in at least one of those subjects at this level by age 16. All supported students must be on a 16 to 19 study programme.

The allocation of this funding for Trinity School is £2109.

Details of how Trinity School has used this funding to support identified students and increase their success are outlined below. Note that Trinity School have contributed to the cost of these initiatives from its own budget in order to support disadvantaged students not covered by the allocation, whose learning has been disrupted, in line with our school values and inclusive principles. This includes 4 students who left Trinity School in July 2020 without grade 4+ in maths and English who have been offered tuition paid for by the school. Three of these have now achieved their maths or English in the November resit.
