20 November 2020

Dear Parent/Carer

As you know, it is of vital importance for students' learning and wellbeing that we remain open. We have this week, reminded all students of our expectations of behaviour and we continue to monitor the small minority of students that are not following Covid related rules. Students are mostly doing their bit to keep the Trinity community safe under difficult circumstances. We have been lucky that many of our staff have not had to isolate and where they have, they have been able to teach from home as much as possible using technology. We know that things are not normal for our students, but as Christmas approaches, we will be planning activities (remotely or in bubbles) for them and rewards for the students that have impressed us the most this term.

As we continue in lockdown the police have visited school to ask us to give reminders to our students about their conduct outside school. We have passed on their messages that students must not gather in groups of more than 2 people outside school in the mornings, evenings or weekends as per the Covid rules. They have told us that they will enforce these rules, and anyone who is found to be in a group runs the risk of being fined. They asked us to remind students to walk in pairs and to go home after school directly and without delay. Students should not socialise with students from other schools or people who should be self-isolating at home due to positive test results or school closures. We know that you will be aware of this, but feel that it is important that you know what we have told your children here in school.

Many thanks for your continued support.

Yours sincerely

Jo Hawkin
