Dear Parents/Carers,

I am writing to you to remind you of our safeguarding app Imabi Inspire.

Imabi inspire is a valuable resource for our students, offering comprehensive guides on topics such as mental health and exam stress. Additionally, it provides a direct communication channel for students to reach our safeguarding team and access links to support services like Childline, Fearless and others.

The app is an additional layer within our school's support framework as an essential resource for our students' benefit. Accessing the app is straightforward, requiring students to log in with their school credentials. The app complies with GDPR regulations to protect students' data.

Imabi inspire supports the school by offering detailed reporting tools, streamlined communication channels, and access to support resources, enabling us to create safe spaces for students and respond promptly to their needs.

For students, imabi Inspire provides a dedicated platform to access support, report incidents, browse useful information, and receive important notifications quickly.

While we understand that downloading apps may not be everyone's preference, and that space on a teenager's mobile is precious, we believe that Imabi Inspire offers sufficient benefits to our students for it to be a worthy download. It serves as a readily available support system whenever they may need it.

Therefore, we kindly ask for your assistance in encouraging your child to explore this valuable resource.

For more information about the imabi inspire app and imabi's work in education please visit the following webpages
